More controlled correspondence re: Rosemont. I skimmed a couple and I think the response letter that was prepared for the others is probably appropriate for these, as well, but please take a look and let me know if you think any of these warrant a different response.

Clarice,

I am going to send out two separate emails with the PDF files regarding the above.

I also put together all the letters (13) together with the control slip in a red folder. Please pick up the folder in the mail slot on the 18th floor. The due date is extended to November 8, 2013.

Thanks,
